**CIRCULATED TO CIVIL AVIATION AUTHORITIES\***  
(\* as identified by TCCA Aircraft Certification Branch)

Dear Madam/Sir:

Transport Canada Civil Aviation (TCCA) would like to notify your Office that effective June 01, 2019, the Type Certificate Holder for the type design and continuing airworthiness under ICAO Annex 8 for the model BD-500-1A10/-1A11 ( Models A220-100 and A220-300) Transport Category aircraft is **UNDERTAKING A NAME CHANGE:**

	<u>Type Certificate Holder</u>	<u>State of Design</u>
FROM;	C Series Aircraft Limited Partnership (CSALP) 13100 Henri-Fabre Blvd. Mirabel, Québec J7N 3C6 Canada	Canada
TO;	Airbus Canada Limited Partnership (Airbus Canada) 13100 Henri-Fabre Blvd. Mirabel, Québec J7N 3C6 Canada	Canada

Note that this is only a name change of the existing Type Certificate Holder from CSALP to Airbus Canada; which has the same adequacy of the design data and competence as CSALP, in fulfilling the responsibilities of a type certificate holder for the type design and continuing airworthiness of aircraft model BD-500-1A10/-1A11 (Models A220-100 and A220-300). For purposes of continuing airworthiness reporting, the designated primary point of contact for all A220 Models In-Service issues and Service Difficulty Reporting is:

Customer Response Center (CRC)  
Airbus Canada Limited Partnership  
13100 Henri-Fabre Blvd  
Mirabel, Québec, Canada J7N 3C6  
International Phone: 450-476-7676  
North America Toll Free 1-866-A220-CRC or 1-866-222-0272  
Email: A220\_crc@abc.airbus  
Email: A220\_ucfocal@abc.airbus

Accordingly, TCCA has issued Canadian Type Certificate **A-236, Issue 13**, in the name of Airbus Canada Limited Partnership as the type certificate holder for BD-500-1A10/-1A11 model aircraft.

As applicable, you are requested to reissue your current Type Certificate or Validation Certificate or other formal approval documents for the BD-500-1A10/-1A11 model aircraft, in the name of Airbus Canada Limited Partnership (ACLP).

Please contact this office at the following address, for any issues relating to type design approval and continued airworthiness activities:

**Transport Canada Civil Aviation (TCCA)**  
**National Aircraft Certification**  
**159 Cleopatra Drive,**  
**Nepean, Ontario, K1A 0N5**  
**Canada**
