Occurence Description:

Report of smoke in the cabin during cruise.
The flight crew reported receiving "PACK 1 VLV CLSD" advisory message on EICAS in cruise and the flight attendant reported smoke in cabin. They then declared emergency.

Maintenance personnel performed operational check as per E145 FIM 21-20-00-810-801-A. They found Pack 1 and Pack 2 inoperable. No smoke at this time.
