Attention: Mr. Z. Cira

SUBJECT: LETTER OF NO OBJECTION – PROPOSED ATLANTIC AERODROME

Dear Mr. Cira,

This letter serves to confirm that the management committee of Morningstar Aerodrome (FAMS) has been briefed on the development of the proposed Atlantic Aerodrome, to be located at Cape Farm 27-4, approximately 15 kilometres from our facility.

We have reviewed the preliminary concept and understand its focus on serving the general aviation community in the Western Cape. Given our proximity, we have opened a dialogue with the developers to ensure that safe and efficient coordination procedures can be established for all arrival, departure, and circuit traffic between the two airfields.

Based on these discussions and our understanding of the project's scope, Morningstar Aerodrome holds no objection to the establishment of Atlantic Aerodrome. We are confident that through collaborative procedure, design and ongoing communication, both facilities can co-exist and operate safely, contributing positively to the aviation infrastructure in the region.

We trust you will find this in order.

Yours faithfully

Godfrey Needham
Chairman – Morningstar Flying Club
